HAPPY NEW YEAR

Patient of the Month Annie

With the beginning of the new year, we'd like to take this opportunity to thank all our wonderful clients for the many heartfelt cards, wishes and gifts that they kindly gave us this Christmas. We are all overwhelmed by your kindness and generosity. Thank you for the trust you place in our veterinary team throughout the year. We appreciate our relationship and the opportunity to care for your pets. We take pride in treating every pet that

comes through our doors as our very own, and we extend our best wishes to you and yours for health and happiness in the coming year.

We are grateful for our role in keeping your four-legged family members healthy and happy, and look forward to seeing you during 2022.

A new year brings new beginnings...

The Year That was.....

Our amazing Practice Manager Amy created a slide show of the many happenings and highlights which occurred throughout 2021 at St Bernards Road Veterinary Clinic and presented this at our final staff meeting for the year. We were blown away with the presentation.

Annie is a beautiful 1 year old Cavoodle who presented to Dr. Leo in December with a head tilt. This was after a fun walk off lead, where she was found happily rolling around with her head on the ground. On top of the head tilt, poor Annie was very irritated and had been shaking her head and scratching at her left ear. Our suspicions were confirmed after a general anaesthetic and inspection deep into her ear canal. Dr. Leo removed quite a large grass seed. We then inspected Annie to make sure she was clear of any others. Grass seeds keep Veterinary Clinics very busy in the summer months and they can cause a variety of problems to your beloved pets (some life threatening). You can help keep your pets safe by keeping your lawns freshly mowed, steer clear of any long grass on walks, keep your dog's coats clipped short and inspected them all over daily for any pesky grass seeds.

WE FOCUSED ON OUR WHY

- BE THE VOICE FOR THE VOICELESS
- BEST OUTCOMES FOR PETS
- LIKE TO SEE THE BONDS BETWEEN THE OWNER AND PET IMPROVE
- WANT TO HELP
- CARING FOR FAMILIES / SUPPORTING FAMILIES IN SCARY TIMES
- CREATING A HAPPY LIFE FOR PETS AND THEIR OVERALL HEALTH IS BETTER
- LIFE IS BETTER WHEN I'M HEALTHY - FROM REX

It's true to say, we have a family culture and live these values each day. We don't just look out for you and your pets and treat them as our own, but we also look out for each other!

We look forward to seeing you and your pets in 2022!
